

FOR IMMEDIATE RELEASE

A.D. Moyer Announces New Andersen® Tilt-Wash Double-Hung Insert Window

Gilbertsville, PA – (29-Apr-11) **A.D. Moyer Lumber** – voted as the **#1 Window Dealer** in the Tri-County area for the eighth consecutive year and also voted as the **#1 Home Improvement Store** in the Tri-County area – is pleased to announce that **Andersen® Windows** recently released its popular 400 Series tilt-wash double-hung window as an insert or “pocket window” for remodeling and replacement with quick, easy installation and custom sizing to 1/8 inch.

The tilt-wash insert window has a spectrum of design and feature options that deliver style and performance just the way remodelers and homeowners have requested. Each window comes with pre-drilled installation holes and an install kit containing nearly everything needed to complete the job: instructions, screws, shims and backer rod. In addition, each unit comes with its own exterior stop covers for a clean, finished look when the job is done.

“Value is big part of the tilt-wash insert product,” said Kevin Anez, marketing manager at Andersen Windows. “This is a full-featured product specifically for remodeling and replacement at a price that sets it apart from anything else available today.”

Design and performance features include a range of sill angles — 0°, 8° and 14° — flexible jam liners providing a weather-tight seal around the sash, and glass options ranging from Low-E4® to Low-E4® SmartSun™ and Low-E4® Sun glazing. Low-E4 glass technology stays cleaner longer than ordinary glass, eliminating up to 99 percent of water spots* and cuts energy bills up to 25 percent** compared to dual-pane glass. Sill angle options allow the tilt-wash insert window to seamlessly blend with the current features of a home.

“Fast, reliable installation is important to building professionals,” said Anez. “Custom sizing gives the tilt-wash insert a near perfect fit in any opening without disturbing the exterior flashing or interior casing. With the install kit and stop covers, the only thing that’s needed is some sealant and the tools to finish the job.”

The Andersen® 400 Series tilt-wash insert window comes in four standard exterior colors, pine and pre-finished white interior, a range of grille styles and widths, and the full range of double-hung hardware options.

Additional information on Andersen Windows including installation services can be found by stopping by your local A.D. Moyer store or by visiting www.andersenwindows.com.

A.D. Moyer Lumber & Hardware, Inc. is a family-owned and operated business with locations in Gilbertsville, Pottstown and Douglassville that has been serving the Tri-County area of Southeastern Pennsylvania with quality building materials since 1939. The company currently employs more than 65 part-time and full-time staff members and continues to be one of the few companies still offering free

delivery on most items. Over the decades A.D. Moyer has built a reputation as a building-materials leader and generous contributor to area benefits, charities, organizations, and the scholastic and athletic endeavors of the area's youth.
